

# About Vistra Italy

## Italy

As well as being a global fashion capital, Milan is Italy's financial hub and the location of the country's main stock exchange. From its base in Milan, Vistra provides Italian clients with access to all of the group's services to support the implementation of their wealth preservation and business strategies.

As a locally-based provider, Vistra also supports clients seeking to tap into the benefits, not only of incorporation in the UK but also our expertise in ongoing compliance and corporate governance support and accounting services. As a member of the British Chamber of Commerce for Italy, Vistra is an active participant in the vibrant international networking scene in Milan, at the very centre of the British-Italian business community.

## Services

Our Italy office can provide access to Vistra's extensive range of corporate, accounting and tax services. As a global business, we're in tune with regional legislative, political and economic changes and we're able to provide you with our considered insight and on-the-ground expertise.

- **Incorporation of UK companies:** In urgent cases we can set up UK companies in just a few hours and can also offer ready-made companies in a number of our offices.
- **Company Secretarial Services:** We can keep track of local formalities alongside the implementation of international tax planning structures for both UK and offshore companies.
- **Registered Office Services:** Base your business in our registered offices - all electronic and paper correspondence received is treated confidentially and promptly forwarded.
- **Full Company Administration Services:** A comprehensive service for commercially active companies, including the opening and operation of bank accounts, fax and mail forwarding, invoicing and bookkeeping services.
- **Director Services:** We can provide director services across as many as 44 jurisdictions and can also supply secretarial support, manage board meetings, and assign a personal director for your company.
- **Banking Services:** Vistra can open bank accounts on behalf of UK or offshore companies, either in the UK or overseas.
- **Tax Planning Guidance:** Managing multi-jurisdiction corporate and trust structures for tax planning or dividend routing.
- **Professional Trust Services:** Forming Trusts and Foundations and providing the ongoing support they need. UK, Jersey and Cyprus Trusts can be supplied, while in the British Virgin Islands we establish and act as trustees on VISTA trusts (Virgin Islands Special Trust Acts). We can also establish offshore Foundations in Jersey and the Seychelles.
- **Process Agent Service:** Our service is same-day and our flexible packages and payment options ensure a cost-effective solution.
- **Yacht Registration:** Assisting in every aspect of yacht ownership, including registration and management.
