

About Vistra Malaysia

Introduction

Malaysia is a Southeast Asian nation with a total landmass of 330,000 square kilometres. It consists of thirteen states and three federal territories, separated by the South China Sea into two similarly sized regions. The country is strategically located along the Strait of Malacca, a major sea-route connecting the Far East to Asia, Europe, and the Middle East. They have a total of seven major Federal ports, with two of them ranked as the world's busiest transshipment ports.

As a newly industrialised market economy, the State plays a significant factor in stimulating the economy and achieving development goals. As such, Malaysia has one of the best economic records in Asia.

Malaysia has an ethnically diverse population, consisting of Malay, Chinese, Indians, and indigenous peoples. Although the official language is Bahasa Malaysia, most business is conducted in English.
