Vistra Malta

Malta is an archipelago situated in the middle of the Mediterranean Sea, around 93km south of Sicily. It is a full member of the European Union, as well as a signatory to the Schengen Agreement. Malta is also a member of major international organisations including the United Nations, the Council of Europe and the International Monetary Fund. The official languages are English and Maltese. The mainstays of the fast growing economy are the financial services, online gaming, IT, real estate, shipping and tourism industries.

Vistra has been present in Malta since 2010. Our office, through its multi-disciplinary staff, can assist clients to establish companies, trusts and foundations in Malta. We can provide a wide-range of management and other professional services, including directors and trustee services as well as corporate, accounting, tax compliance and back-office/administration services. Moreover, we can also assist individual clients and their families who want to relocate to or take up residence in Malta, or who want to apply for Maltese citizenship by investment. Our dedicated and experienced immigration team will handhold the clients and their families throughout the whole process and will take care of all their requirements in Malta.
