A dedicated team

We deliver professional company secretarial solutions to listed company clients and those operating within strictly governed sectors. For each client we put together a dedicated team with the right skills for the job.

Our clients

Bristol Water · CIBC World Markets · circlehealth · Jägermeister · Crédit Agricole · Kepler Cheuvreux · Pacific Industrial & Logistics · telfordhomes

Initial suggested service

Your company secretarial support will need to flex from the document-heavy reviews in the lead up to the IPO to more practical application of corporate governance systems, controls and processes once listed. So, we suggest an adaptable service until you are listed, at which time, we will understand what level of support is needed and agree a tailored fixed fee package of services.
