

STATEMENT FROM THE VISTRA BOARD OF DIRECTORS

ANTI-FACILITATION OF MONEY LAUNDERING, TERRORISM FINANCING, PROLIFERATION FINANCING AND SANCTIONS BREACHES

Vistra has zero-tolerance for actions and activities that knowingly breach Anti-Money Laundering, Counter-Terrorism Financing, Proliferation Financing and Sanctions orders and regulations.

We recognize the critical importance of preventing money laundering, terrorism financing, proliferation financing and sanctions breaches, not only as a regulatory requirement but as a corporate responsibility. The Vistra Board of Directors and Senior Management are dedicated to implementing robust measures to combat these illicit activities.

We have implemented an Anti-Money Laundering and Counter-Terrorism Financing Policy, Sanctions and Embargoes Policy, Client Risk – Product and Industry Policy, Politically Exposed Persons Policy and Country Risk Policy.

We have also implemented an Anti-Money Laundering, Counter-Terrorism Financing, Proliferation Financing and Sanction Breaches Prevention Program (AML/CTF Program) comprised of procedures and controls designed to comply with the laws, regulations, and regulatory guidance in the countries in which we operate. The Vistra Board of Directors and Senior Management are accountable for ensuring the effective implementation and operation of our AML/CTF Program. We take this accountability seriously.

Our AML/CTF Program includes procedures and controls to:

- Understand the money laundering, terrorism financing and proliferation financing risks associated with our clients and services
- Know the identity of our clients, associated parties and their owners, as well as the nature of their business with us
- Screen our clients, associated parties and their owners to ensure compliance with international sanctions regimes
- Apply enhanced controls where the money laundering, terrorism financing and proliferation financing risks are higher
- Monitor for suspicious or illicit activity
- Designate statutory compliance roles including Money Laundering Reporting Officers where necessary
- Ensure Vistra Staff members receive regular training to help them understand money laundering, terrorism financing, proliferation financing and sanctions risks and their responsibilities in preventing and managing them.
- An independent internal Regulatory function to test the program

As part of Vistra's AML/CFT program, any suspicious activities are reported to law enforcement in accordance with applicable laws.

We are dedicated to continuously improving our AML/CTF Program and policies. This includes staying abreast of regulatory developments, adopting best practices, and enhancing our internal controls and procedures to respond to emerging or changing money laundering, terrorism financing and proliferation financing risks.
